Memorandum for Members, Committee on Land and Personal Rights

From: Marian Aldan-Pierce, Vice Chair

Re: Additional written testimony on Article XII.

---

Attached is additional written testimony on Article XII received from one of the witnesses at the public hearing on Friday, June 16, 1995. We have now received the additional testimony that was mentioned at the hearing. We have also given all the witnesses an opportunity to correct their testimony, and all of them have done so.

The Committee members have received:

- (1) the transcript of the hearing with all the exhibits handed out at the hearing attached
- (2) supplemental testimony from Rex Kosack
- (3) supplemental testimony from Ted Mitchell

The materials from the initial public hearing are now complete and the reporter will number the pages of all the materials received so that the record is complete.
