

REPORT OF THE COMMITTEE ON ORGANIZATION AND PROCEDURES
PLENARY SESSION, 7/6

1. Schedule: COP has finalized the schedule for next week, and it will be in the Daily Journal today.

- . There are plenary sessions on Tuesday, Thursday and Saturday.
- . There are committee meetings of all four committees on Monday, Wednesday, and Friday.
- . There are committee meetings of two committees on Tuesday and Thursday.

2. Materials for hearings: The materials for the public hearings were sent to the Mayor of Tinian on Friday, June 23. These include the same materials as we sent to the Mayor of Rota -- all of the summaries of issues and completed articles from the committees.

3. Summaries of hearings: I want to remind the Committee chairs to appoint a delegate or two to take notes at the hearings on Tinian so we can produce the summary reports for the Daily Journal. The reports from the Rota hearings from each committee were very good, and they were put in the Daily Journals for those two days.

4. Proposals: All proposals that were delivered to the legal team through July 4 have been completed and returned to the delegates. All proposals that were signed by delegates so that they could be introduced, have been sent out by COP to the substantive committees. We are totally up to date on proposals as of the holiday.

Lead for submission of proposals - July 10
