Attached is Report No. 2 from the Committee on Executive Branch and Local Government. It deals with Article III (Executive Branch) and contains a major set of recommended amendments for consideration by the Convention. It is being scheduled for discussion in the Committee of the Whole tomorrow.

Despite its length and the shortness of time, I urge you to read this report and the proposed draft language and be prepared to discuss it tomorrow. Members of the Committee and counsel will be ready to report on the Committee's deliberations and respond to your questions in our session tomorrow.
