COMMITTEE ON JUDICIARY AND OTHER ELECTED OFFICES

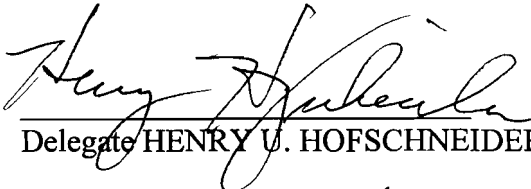

REPORT NO. 7: NEW AND OTHER MATTERS

The Committee met on Monday, July 17, 1995 to consider delegate proposals that were assigned to the Committee because they did not fall within the jurisdiction of any of the four established committees. These are Delegate Proposals 49, 270, 283, 330, 340, 343, 357, 371, 372, 431, 447, 508, 569, 573, and 576. Delegate Proposal 380 was re-referred to the Committee on Executive Branch and Local Government. Delegate Proposal 602, also included in this group, was withdrawn by the proposer. A subcommittee was appointed, chaired by Delegate Bernadita T. Seman.

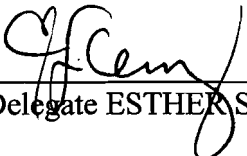

The subcommittee met on Wednesday, July 19, 1995 and considered the proposals. The subcommittee recommended to the full Committee that each of these proposals was legislative in nature. The legislature has already acted on some subjects covered by these proposals, but enforcement is not sufficient. Putting the same provision in the Constitution will not produce better enforcement. The subcommittee recommended the preparation of a resolution describing these proposals and transmitting them to the legislature for action.

For that reason, the Committee has no report on new and other matters. The resolution suggested by the subcommittee will be prepared and introduced on the floor after the Committee reviews all of the subjects assigned to it and determines whether any other proposals that were not adopted by it should be recommended to the legislature.

Respectfully submitted,

Delegate HENRY U. HOFSCHEIDER, Chair

Delegate DONALD B. MENDIOLA, Vice Chair

Delegate ESTHER S. FLEMING

Delegate JAMES M. MENDIOLA

Delegate FELIX R. NOGIS

Delegate JUSTO S. QUITUGUA
