## Expedited Purchase Justification

I have determined that there is a necessity to fabricate additional podium tables and a window jamb to be done to the House of Representative's Chamber. With the number of Constitutional Convention delegates of twenty-seven and the number of Representatives of eighteen, additional podium tables are needed to accomodate the amount of Constitutional Convention delegates. A window jamb is also needed for the convience of the public's view of the Constitutional Convention.

Due to the limited time available before the June 5, 1995 Constitutional Convention date, I feel that the professional background of the vendor and its competitive prices is justifiable to expedite.
