Re: Streamlined Public Education Program for Government Departments

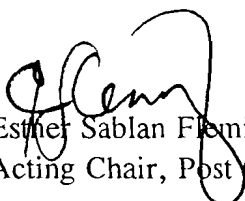

Dear Governor Tenorio:

The Post Convention Committee is officially set to educate the public about the proposed constitutional amendments. In its efforts to resort to various innovative approaches and in lieu of the time constraints from now until the November elections, the Post Convention Committee is requesting your utmost assistance in informing your respective departments to stand ready to converge so that the Committee will best be able to educate as many people as possible at any given time.

The goal of the Committee, of course, is to be successful in letting the voting populace fully understand the proposed constitutional amendments in order that they make a well-informed decision come election day. However, this can only be accomplished by an extensive public education program and from which your favorable assistance in this regard can only complement our efforts.

I hope to hear from you as soon as possible so that the Committee will decide on the dates and times of the meetings. On behalf of the Post Convention Committee, Un Dankulo Na Si Yu'us Ma'ase' for all your assistance thus far.

Sincerely,

  
Esther Sablan Fleming  
Acting Chair, Post Convention Committee
