Agnes McPheetres
President
Northern Marianas College
Saipan MP 96950

Dear Agnes:

Thank you for your invitation to mobilize the resources of the College to assist with the public education campaign about the proposed constitutional amendments.

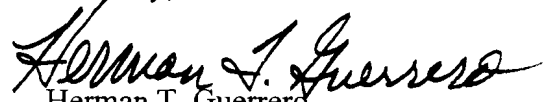

The Post-Convention Committee would very much like to work with the College, and we have these suggestions:

- (1) We think it would be productive for a representative of the Committee to meet with the staff of the College and also with the student body to provide them with information about the amendments as they will appear on the ballot and to answer questions.
- (2) We would like to use the College's educational resources for media presentations; perhaps question and answer sessions with the public or other formats that the College finds effective in its work with the public.
- (3) We would like to work with the College to have public meetings as a part of the adult and vocational education programs, if possible, to explain the constitutional amendments.

As a result of the Senate's actions, and the scheduling of the vote on the amendments at the general election in November, we need to make use of the remaining time as efficiently as possible. We would like to meet with you this week, at your convenience, to get your ideas and those of your staff. Please let us know what time you might have available.

Thank you.

Sincerely,

Herman T. Guerrero
Chair
Post-Convention Committee
