Honorable Joseph S. Inos
Mayor
Municipal Government of Rota
Songsong Village, Rota MP 96950

Dear Mayor Inos:

The Post Convention Committee will conduct a series of public meetings for both government employees and the general public on 26th October. We wish to request the use of your Community Round House on this day.

The morning and afternoon sessions will include all government employees requiring intra-departmental coordination so that essential services are not curtailed. We leave this matter in your hands. The evening session is scheduled for the general public and we would appreciate an announcement to this effect before the actual meeting.

For your information, we will publish the proposed amendments in all three languages. The English version will be in the form of newspaper inserts which can be found in both the Marianas Variety and the Tribune. In the meantime, we would appreciate your cooperation and assistance in this regard in our dedicated efforts to ensure that our people understand the purpose of these amendments. Thank you yan Si Yuus Maase!

Sincerely,

HERMAN T. GUERRERO
Chairman
Post Convention Committee

Dear Mr. Speaker:

The Post Convention Committee wishes to request use of your chamber for public education on the proposed constitutional amendments on the evening of 9th October and all day on 23rd October.

These public meetings would include the people living on Capital Hill, Kagman and Santa Lourdes and all government employees, including the legislature on the 23rd of October. There's no other venue large enough to accommodate the general public other than your chamber. Please let us know soon if our request is accommodated. Thank you for your cooperation and assistance.
