Dear Chairman:

We have obtained the permit for your koi -- I am transmitting a copy for you and I will keep the original here for your arrival.

I talked to Lillian on the phone just a while ago. The House passed the legislation to postpone the ratification of the amendments until March and the bill is on its way to the Governor. It is her strong feeling that it will be signed. I will inform the members at the meeting about this in the morning -- they are meeting at 9:00 a.m., to finalize the schedule of meetings for villages and government employees.

I went to Management and Budget to work out with Nestor regarding the balance of our funds passed the end of fiscal year. He request that we prepare a letter to them to advise their office of our status and a copy to be forwarded to the Legislature. He said this is also being done to other short-term entities and there should be no problem. I am also following up our payments with Finance as well as the travel vouchers. Vicky Maratita said those that are complete have been forwarded to Finance for payment. I checked with Travel Section with Frank and he said that he is clearing a lot of them now for payment. I have prepared the PRs for the rental here, but Esther will sign them in the morning.

I transmitted the amendments (the version being used for inserts) to Rita Inos and Jess Elameto for translation and deadline set for Tuesday, next week. Jess is inquiring status of contract submitted to us for the translators and I told him that you will address it upon your arrival. According to him, Esther affirmed the dollar figure for the translators. I will have copy ready for your review upon arrival.

I will meet you at the airport tomorrow. If there is anything you need me to bring to you, let me know. I also confirmed with Bobbie about your seat upgrade and she confirmed

that the request was sent out for you, Frances, Grandpa and Jesus Pan. She said there should be no problem.

Howard and Deanne will be back on Friday morning. I talked to Howard today. He is asking about your column for Friday and I responded negatively because I do not know anything about it. I checked with John Rosario and he does not know anything about it, too. Do you know what he is talking about it?

This is all for now. See you tomorrow. Hofschneider said "hello" and he will be more than happy to participate at our scheduled meetings plus TV spots.

CONSIDER IT DONE.
