MESSAGE

J.P. --

It looks like the vote on the amendments will be put off until March. The governor was asked by the Democratic candidates on Saipan to put it off because they thought it might "distract" the voters and harm their election chances.

We should get together on Tinian some time over the next week or so when it is convenient for all the Tinian delegates to hear from you what materials would be useful to you and how we might do Tinian radio messages or TV spots. We should move right along to get all the materials in place because we will have a harder job doing political education before the election in March.

Let us know what is convenient for all of you. My regards to Henry, David, and James.

Deanne
