

Memo for HPW --

Marian called. She was at the Governor's house for breakfast and says that he won't act on the bill.

She says he plans to go on the I Tao Tao program on Friday night to air his views on the amendments. He is currently planning to say vote "no" on three:

(1) Amendment #2: He is concerned about the problem with a four-year term but two-year organizational meeting. Marian said you had fixed that in the Analysis. She would like you to explain the fix to the Governor.

(2) Amendment #3: He is concerned that he will not be able to get rid of the Public Auditor if he wins a new term. Marian told him that everyone goes at the beginning of a new term. She would like you to explain how that works.

(3) Amendment #11: He is concerned about pending land deals. Marian does not think he can be dissuaded from this one, but she thinks we should try anyway.
