MESSAGE: Herman: We are sorry to have delayed so long in responding to Alicia's last fax reporting on her sister's situation and the latest letter from the Mayor of the Northern Islands. It got buried in the midst of several chapters of a book that Deanne is currently revising and sending back and forth to her publisher by fax.

In any event, I urge (I expect unnecessarily) caution in responding to his latest. First, you will want to check with Felix or Tom, but it is my recollection that this deletion of language from the final transitional schedule was not a mistake. The majority thought that the Convention should not attempt to transfer jobs to persons currently employed by the Office of the Mayor for the Northern Islands. They thought that the new Mayor, with jurisdiction over both Salpan and the Northern Islands, should make the decision how to handle those individuals who may lose their jobs and want to continue working in the Mayor's office.

but caution is especially needed here because of the legal implications here. I do not know the Commonwealth law on the subject, what rights they would have under these circumstances, etc.

A short reply might make two basic points: (1) the Convention make a considered decision on the subject; and (2) the delegates were confident that every effort would be made to relocate those employees who wished to continue their employment if jobs were available and they had the appropriate qualifications.

See you next week. Best regards.  Howard

Mr. Howard Willens/Ms. Deanne C. Siemer

Fax No. (202) 829-7598

I am faxing again a copy of a letter which we have received from the Mayor of the Northern Islands regarding a concern he has with regard to our amendment on Local Government. Herman asked me to fax you a copy last Monday and I did and I have only noticed that such transmission did not go through, so here it is again.

I am also faxing a copy of our proposed agenda for the Committee's meeting tomorrow morning. Please review it and if there should be other matters to be discussed, please advise me and I will include in the agenda. So far, I have received responses from 9 delegates aside from the Committee members to attend tomorrow's meeting.

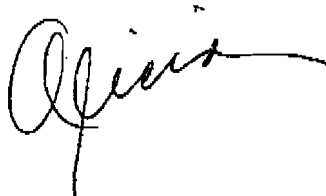

By the way, I wanted you both to know that I may not be here when you arrive on Saipan; however, I have made the arrangements with Joe and he will meet you at the airport upon arrival. One of my sisters left for Honolulu last night to undergo a major surgery. She has been diagnosed as a cancer victim. How serious it is, we do not know yet. Of course, she has to be examined and diagnosed in Honolulu before the surgery. I will find out exactly what the situation is within the next day or so and I promised my sister I will be there before surgery. I know our work is pressing from here on, but I pray you both understand my case here. I will do all that I have to accomplish before I leave though and should I leave, I may be gone for about 2 weeks.

Also, I learned that Joe and Rita Dela Cruz are already in Honolulu -- so you might want to give them a call.

I have received all of the Carolinian translations and we are also spreading out the amendments in Chamorro. I have received all of the translations -- hooray. The nightmare is over and we can go ahead with all of our inserts in the media.

Inauguration went well here on Monday, but the freshmen congressmen are still trying to find their way around the building. Joey San Nicolas was there and he was really joking around, "where is the men's room, please?"

I have to go now and if there is anything that we need to include in the agenda, please fax us. I am still waiting for the sample of the billboard message.

terminated? How are the affected employees going to be protected by the Civil Service System Regulations with regards to termination of employment since they will fall within the Civil Service System? Was this issue discussed?

I am aware of the transfer of CONCON documents to the CNMI Archives and I am assigning my staff to review the records on this matter. In the interim, however, I am very concern about this matter and, as chairman of the Post-Convention Committee, I am officially requesting your input and response on this issue.

Your continued assistance, cooperation, and understanding is greatly appreciated. If you need further information, please feel free to contact me at your convenience. In the meantime, I look forward to hearing from you soon.

Thank you.

Sincerely,

JOSEPH T. OGUMORO
