

MEMORANDUM FOR EMPLOYEES OF THE LEGISLATURE

From: President of the Senate, Jesus Sablan; Speaker of the House, Diego Benavente; and
Legislative Bureau Director [INSERT]

Re: Public Education Campaign, Third Northern Marianas Constitutional Convention

The Post Convention Committee has requested that Legislative Branch employees be permitted to attend public meetings during workdays with respect to the constitutional amendments proposed by the elected Con-Con delegates. A schedule for such meetings is attached, and the necessary leave time has been approved.

The subject matters covered by the proposed constitutional amendments are important for every Commonwealth citizen. Each employee should attend. Two shifts have been provided on each day so that the legislature will not be without manpower at any time.
