MESSAGE

Alice:

Would you have Shawn go out with some anchor concrete blocks and some rope to tie down the billboards and be sure they do not blow over. They are located as follows:

- (1) Kagman intersection (1)
- (2) San Vicente intersection (2)
- (3) Road in front of Con-Con office (2)

One is across the street from the office, the other is on the hill coming up past the College

- (4) End of Middle Road (2)
- (5) Beach Road (3)

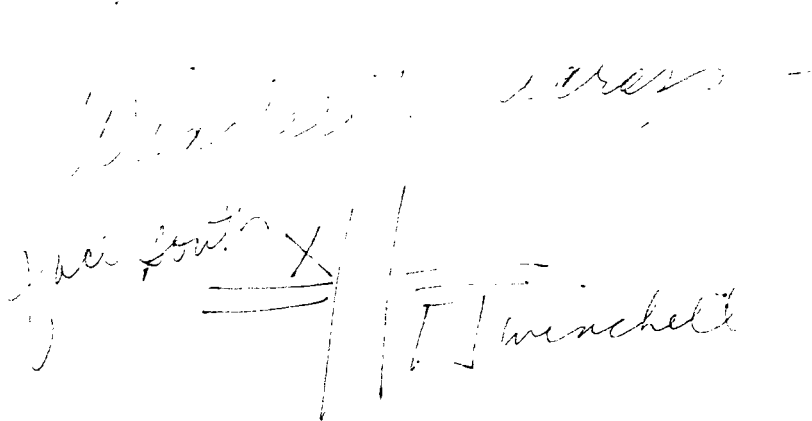

All of them should be anchored firmly or tied down. It is important that this gets done today.

Thanks.

Deanne

~~Cap~~

- (1)
- (2) Rudolph's Bay -
- (3) Beach Rock pass Mical - face north
intersection - going south
- (4) 13 Fisherman's Ho Monument - 1
facing north
