ALICE --

Here's the proposed revision for Dr. Aldan. Would you find out if this is okay with him?

Thanks.

Deanne

# VICENTE SABLAN ALDAN, M.D.

**Each Con-Con Delegate made proposals with their ideas on how to make the Commonwealth better and more successful.**

**My ideas and proposals are incorporated in some of the 19 amendments proposed by the Con-Con.**

**I hope the voters will support these ideas. I think we need these changes.**

**PLEASE VOTE ON SAT., MARCH 2**

DR. VICENTE SABLAN ALDAN, M.D.

 **AMENDMENT #2:** I proposed that the size of the legislature be decreased, and that all members of the House run in island-wide elections. I think our legislature is too large for the size of our Commonwealth, and it is too expensive. If members run in island-wide elections, they will be more responsive to the concerns of all our citizens.

 **AMENDMENT #3:** I proposed that we have better budget procedures and limits on the Governor so that the revenue proposals in the balanced budget are realistic. We need to limit government expenditures to that which can be supported by our economy.

 **AMENDMENT #6:** I proposed a cap on the employment by the mayors and municipal councils. I think we need positive controls on this spending.

 **AMENDMENT #10:** I proposed that when there is a deficit, the Governor should cut hiring and salary costs until the deficit is gone. This will help make our government more responsible.

 **AMENDMENT #11:** I proposed more protection for our public lands so that our children have green spaces, scenic vistas and parks to enjoy on each of our islands. These are sensible protections.

 **AMENDMENT #16:** I proposed that the members of the Civil Service Commission come from the private sector. I think this enhances independence.
