SUBJECT : *Third Constitutional Convention*

Please accept my apology for not responding sooner.

The Indigenous Affairs Office has a very limited office staff, facilities and equipment but we are willing to help when we can. Presently, we are all totally involved with the planning of the up-coming Agricultural Fair and the Liberation Day activities. These projects will have us tied up until mid-July.

If it would be beneficial to you, we could be put on call on a day-to-day basis. When we are not otherwise engaged, we could provide support staff assistance if needed.
