MEMORANDUM FOR OP-22:

Subject: Relocation of Dephicomterpacis from Guam.

Reference: (a) CinCPacFlt secret despatch 010545Z July to CNO.

1. In reference (a) CinCPacFlt makes an alternative proposal of moving the Dephicomterpacis to Truk rather than to Saipan as originally recommended. From the logistical viewpoint, Truk is considered the most suitable location for this purpose.

2. In order that the logistical implementation of the move to either site may be effected, guidance is requested as to which location is determined upon, if the move of the Dephicomterpacis from Guam is directed.
