(continued)

Enclosure (7)

DECLASSIFIED
Authority E012758

ment in use by the Saipan Operations: (Continued)

magnet, Shrader - 2 each - \$800
LCM, M/V LULU - 1 each - \$1500
LCM, Hull - 1 each - \$200
Compressor, Air, Curtis with Wagner, 5 HP electric motor mounted
on 250 lb air tank - 1 each - \$250

Bills of sale to this equipment are held in either Los Angeles or Rockville and I cannot attest to ownership of any of this equipment now in use by this operation. I have been definitely informed by phone that the balers and shear and several other pieces of this equipment are property of the Hualpai Co., Ltd. for funds loaned to MICRONESIA METAL AND EQUIPMENT CO., INC. Any questions as to ownership would have to be answered by Mr. Aitchison at this time.

Very truly yours,

MICRONESIA METAL AND EQUIPMENT CO., INC.

Robert R. Hill, II
Manager, Saipan/Tinian
