Re: Continuation of Scrap Program

Sir:

Mr. Aitchison, by radiogram, has again reiterated the statement that he has capabilities of immediately amortizing indigenous outstanding and also that he has a ship and sale for any scrap produced but that resumption of activities requires immediate revision of royalties dating back to the date negotiations commenced, that the operation is impossible without revised royalties, as indicated.

Very truly yours,

MICRONESIA METAL & EQUIPMENT CO., INC.

C. H. Thompson

cc: Commanding Officer
Naval Administration Unit
Saipan, M. I.
