High Commissioner

Visit of Secretary Seaton Party in Your District

Will you please accept and extend my sincere thanks and appreciation to the Americans and Trukese who were responsible for Secretary Seaton and his party having such a pleasant visit in your district.

The appearance of the base, and the cooperation and attitude of the Americans made a very favorable impression upon the Secretary. An even greater impression was made by the evident cooperation between the Trukese and the Americans. I know the Secretary carries a warm feeling towards the Trukese by reason of the meetings he had with various Trukese individuals.

Again, thanks for the excellent manner in which your district welcomed the Seaton party.

D. H. Mucker
