**High Commissioner**

**Secretarial Party's Visit in Yap District**

Secretary Seaton and members of his party will long remember their pleasant but extremely short stay in Yap. The hospitality and friendship accorded them by you and members of your staff was outstanding. The Yapese feast and dancing was a matter of much discussion during the party's trip throughout the balance of the Trust Territory.

Please extend my personal thanks and sincere appreciation to those Americans and Micronesians who were responsible for the Secretarial group's stay on Yap being such a pleasant one.

You can well be proud of your entire operation!
