High Commissioner

Visit of Secretary Seaton and Party in Ponape

Based on comments of the Secretary, you will be pleased to know that his visit to Ponape was a great success. Each member of the party thoroughly appreciated the opportunity to relax and to have a few days of freedom from an arduous schedule. The team of Finale, Unhoefers and Hoshers certainly did a magnificent job in making the group feel at home.

Each member of the party was greatly impressed with our P.I.C.S. plant and, more particularly, with our P.I.C.S. students. The community reception and dinner was truly an enjoyable evening for all.

Please accept and extend my sincere thanks and appreciation to those Americans and Ponapeans who participated in making the visit such a pleasant and informative one.
