RELEASE: 183-66

Marianas

SURVEY OF FEASIBILITY OF EDUCATIONAL TV FOR TERRITORY TO BE MADE

Saipan, Mariana Islands, Trust Territory of the Pacific Islands,

Truk

November 7, . . . A team of four from the National Association of Educational Broadcasters arrived today to begin a four-week tour throughout the Territory to determine the feasibility of educational television for the Trust Territory. Members of the team who will

Ponape

provide advice on educational administration, curriculum development, TV programming and engineering are: James A. Fellows, Assistant to the President of NAEB; Roy Cobb, American Samoa; Bill Odell, Stanford University; and Bill Kessler, University of Florida.

Marshalls

Under the terms of a contract between the Territory and the National Association of Educational Broadcasters, the team will study the Territory's educational system and will try to determine engineering

Yap

problems involved in using educational television. Results of the survey will be submitted to the Territory in mid-January with cost estimates provided where educational television is considered feasible.
