Ambassador Eugenie Anderson called and asked to see the President as soon as convenient.

She said at their daily strategy meeting this morning all the Vice President's advisors were so grateful for the President's appearance in Kentucky Saturday. All agreed that it is very important for the President to continue these speeches. She was selected as spokesman for this Humphrey daily strategy group to discuss these matters with the President if the President would receive her.

Shall we arrange an appointment for Eugenie Anderson?

Yes  No
