

April 2, 1969

Dear Rog:

Thanks greatly for your March 20 letter to the President with its most interesting and informative paper prepared by Neilman Grayson concerning our interest in the Western Pacific. The summary and your suggestions merit most careful attention, and I shall secure this by sharing them with the President's foreign policy advisers and the members of the Cabinet who will be concerned with this matter.

With warm regard,

Sincerely,

Bryce N. Harlow
