From: U.S. Deputy Representative for Micronesian Status Negotiations

Subj: Political Education in Micronesia

There is attached for your information and possible comment a memorandum to you and Ed Johnston setting forth the substance of our conversations regarding political education on October 9 & 10 in Honolulu and a memorandum of conversations covering the meeting with Salii and Silk on the same subject October 11.

A similar set has been sent Ed Johnston with the request that he show the memo only to Pete Coleman and destroy it thereafter if he has no comments. Should he want to recommend changes it was suggested he send the copy back here with the changes on it.

Ed was also asked to give a copy of the MEMCON to Salii and possibly Strik Yoma.
