Washington, D.C. 20240

October 16, 1973

~~CONFIDENTIAL~~

MEMORANDUM

To: High Commissioner Edward E. Johnston, Trust Territory
of the Pacific Islands

From: U.S. Deputy Representative for Micronesian Status Negotiations

Subj: Political Education

I attach for your information and possible comment a memorandum to you and Stan Carpenter from Haydn Williams setting forth the substance of our conversations regarding political education on October 9 & 10 in Honolulu and a memorandum of conversation covering the meeting with Salii and Silk on the same subject October 11. We would appreciate your comments and any suggested corrections.

The memorandum is clearly most sensitive and is classified confidential. It should therefore go only to you and Peter Coleman.

If you have no problem with it please simply destroy it. If there are suggestions for change perhaps the best thing to do is mail the whole thing back here so we can issue a corrected version for your information which you can then destroy.

If you have no problems with the attached memorandum of conversation, which is unclassified, please give a copy to Lazarus Salii at your early convenience. Strik Yoma certainly can also have a copy.
