Memorandum for: Publication and Reproduction Services
Division
Office of Operations
Bureau of Administration
Department of State

Subject: Correction of Information in Biographic Register-1973

1. The July 1973 Biographic Register incorrectly lists my present assignment as "det Dept of Interior U.S. dep rep for Micronesian Status Negotiations 11/72"... This position is not in the Department of the Interior but is a White House assignment. (Interior simply provides certain administrative services including office space).

2. Please correct the foregoing entry by deleting "Dept of Interior" in the future.
