MEMORANDUM FOR RICHARD V. ALLEN

FROM: JIM LILLEY JL

SUBJECT: Presidential Directive on Micronesia

Attached is a memo for the President and an NSDD. Request you forward this to the President for his approval.

These papers represent months of work and condense thousands of pieces of paper prepared by many bureaucrats from all over this city.

RECOMMENDATION: I recommend we move these memos out quickly, mainly because Defense needs a decision on a missile test range by 30 September 1981, but also because we want to disband this bureaucratic monstrosity ASAP.
